

VISION

To help organizations control the impact of cybercrime.

PROFILE

Headquartered in Miami, Florida, Lumu is a cybersecurity company focused on helping enterprise organizations illuminate threats and isolate confirmed instances of compromise. Applying principles of Continuous Compromise Assessment, Lumu has built a powerful closed-loop, self-learning solution that helps security teams accelerate compromise detection, gain real-time visibility across their infrastructure, and close the breach detection gap from months to minutes. Learn more about how Lumu illuminates network blindspots at www.lumu.io.
